Downloading software for the

DOD DRUG TESTING PROGRAM (DTP)

Loading the DTP

- Go to the ACSAP website: http://acsap.army.mil
- Locate “Drug Testing Program” under Army Substance Abuse Program (ASAP) Services
- On the next screen, locate “DTP Software” under the “Drug Testing Program” links. Then double click on “Please download the DTP 5.2.3 user's guide and software”
- This will take you to the “Welcome to DTP/NDSP Page” screen (Please choose OTHER SERVICES)
- You will want DTP 5.2.3 Full Installation Program. This will download the installation program to your computer (save it to your desktop)
- Double Click on the “setup.exe” file and follow all instructions on the screen

Loading the DTP

- You may be able to download the program, but you must have “administrator rights” to your machine in order to install it
- Previous versions MUST be uninstalled prior to installation of this software
- If you previously used DTP, then you WILL be able to convert the data from the old version to the new version
- The following slides will walk you through the site to better help you locate and download the program
- Feel free to print the presentation before proceeding to the site

Drug Testing Program (Biochemical)

Program Description:

The Army Biochemical Testing Program encompasses the Active Army, National Guard and the Army Reserve. The program is a command program, composed of the soldier, the commander, the Unit Prevention Leader (UPL), the Army Substance Abuse Program (ASAP) staff, the Forensic Toxicology Drug Testing Laboratories (FTDTL), the Medical Review Officer, and the Staff Judge Advocate. The program has three primary goals. First, to deter soldiers from abusing drugs (including illegal drugs and other illicit drugs). Second, as a tool for commanders to assess the security, military fitness, good order and discipline of their commands. Third, to serve as a basis to take appropriate action, adverse or other (including referral for treatment), with a soldier based on a positive test result.

Army Policy:

Abuse Program, drug abuse will not be tolerated and there are serious

iers ordered to AD, under Title 10, U.S. Code, who are identified as

1. Be referred to the ASAP counseling center for screening.
2. Be considered for disciplinary action under the UCMJ, as appropriate.
3. Be processed for administrative separation in accordance with AR 600-8-24 (for officers and warrant officers) and AR 635-200 (for enlisted personnel).

b. Discharge for misconduct under AR 600-8-24 or AR 635-200, as appropriate, will be initiated and processed to the separation authority for all soldiers involved in illegal trafficking, distribution, possession, use, or sale of illegal drugs. Soldiers will also be considered for disciplinary action under the UCMJ, consistent with Chapter 6, AR 600-85 and Rule for Courts Martial 306, MCM.

DTP Software

Effective Immediately, the DoD Drug Testing Program (DTP) 5.2.3 replaces the Army Drug Testing Program (ADTP) version 4.03 and all previous versions of 5.0 and 5.1. Please refer to ACSAP memorandum, Department of Defense Drug Testing Program Software dated 9 April 2001. The only change to this memo is that DTP 5.2 will be the standard version.

Please download the DTP 5.2.3 user's guide and software.

Click on DTP 5.2.3 user's guide and software

Version 5.2 Files

NEW DTP 5.2.3 Full Installation Program

This is the full installation for DTP 5.2.3 It contains the base install and all cumulative patches. It can either be installed on a machine with no DTP or used to upgrade machines running DTP 5.1 and DTP 5.2. If you are running versions of DTP **previous to 5.1** then you should first upgrade to 5.1 and then from 5.1 to 5.2.3. This version fixed the following problems:

- Specimen numbers will now rollover properly for USAF
- Block 4 of the 2624 will now print out blank for the USAF
- Fixed the Individual Premise Summary
- Quote character may now be used when entering names into the roster
- Fixed bug where excluded dates were being erased when changing pools
- Changed date format on bottle labels to 'yyyymmdd'
- Fixed editing problem with MS Word 97
- Elongated Current User field on main form

DTP installation of most current version

NEW DTP 5.2 User Guide (revised Sept 2002)
Complete user guide in PDF file format.

DTP Process Flowcharts

Version 5.1 Files

NEW DTP 5.1.2 Full Installation Program
This is the full installation for DTP 5.1.2. It contains the base install and all cumulative patches. It can either be installed on a machine with no DTP or used to upgrade machines running DTP 5.0 build 6. Do not download this program if you already have a version of 5.1 on your system. Instead download the patch below. To see what version you have installed, look at the "About Box" from the help menu on the Main Screen.
